EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Troxell on September 13, 2004.

The application has been amended as follows: On page 12, line 22, "2" is replaced with --20--. On page 13, line 12, "42" is deleted. In claim 15, line 6, --to-- is inserted after "spring".

The following is an examiner's statement of reasons for allowance: The closest prior art, the Chun-Te et al (012) and Yu (016) references do not teach the claimed key lock core and cooperating blocking head and turnable portion. There is no suggestion in the prior art of record for combining the references to arrive at the claimed subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lloyd A. Gall whose telephone number is 703-308-0828. The examiner can normally be reached on Monday-Friday, 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Bagnell can be reached on 703-308-2151. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
